Harry:

As with your 25 February 1985 memorandum to the Director of Security, the attached memorandums will serve to implement the CIA Information Act with regard to the Directorate of Operations and Directorate of Science and Technology file designations approved by the Director.

We expect Oversight agreement shortly and I am asking you to sign the attached memorandums but to leave them undated. We want to move quickly on this so as to assist OGC in a litigation case. We will date and distribute the memorandums once responses from the Oversight Committess are received.
